*Welcome!*

I'm Tammy, the owner of Tammy Tarabola Photography.  
I'm a native of the Virginia coast where I grew up near  
the beach, always wanting to be outdoors. I am a proud  
wife of a law enforcement officer and mother to 3  
wonderful children and am so grateful to live this life.

I'm here today, a corporate dropout on a mission to relish what is most important in life,  
to create artistic images that move people, and to give my clients the experience of  
photography with purpose by visually telling their stories.

## COUPLE SESSIONS

Interested in learning more about couple sessions? Fantastic! I'm glad you're here. I absolutely love working with couples. These sessions are designed to authentically reflect your relationship, recording who you are as a couple right now in your journey together through life.

I seek authenticity and create images you can *feel*. For this reason, I act as an observer, capturing my couples in candid moments. While I do offer some direction, I avoid formal and stiff posing, and focus instead on what comes natural to you as a couple.

Your story is worthy of being remembered. I'm here to help you preserve it.

# WHAT TO EXPECT

in addition to having *fun*

Your session will begin with a consultation, usually by phone but we can also meet in my home office. We will exchange thoughts and I will answer all of your questions. Then, we'll book your appointment which will require a booking fee (also known as deposit).

Leading up to your session, I am available to help you select your wardrobe and will continue to answer any and all questions you have. I also encourage you to generate some ideas of your own to include in our creative process.

Sessions take place either in your home or outside using only natural light. When it's time for your session, I will encourage you to play your favorite music, talk, and to have a glass of wine (or a scotch) if that helps you relax. Remember, we will work as a creative team and we will have fun.

After your session, I will retouch your images and will apply my signature, creative editing, all done by hand. During that time, we will schedule your reveal and ordering session which is a time when we get together to review our beautiful creations. Final images will be ready in approximately 2-3 weeks after your session.

During your reveal and ordering session, you will select your favorite images or decide to purchase the full gallery. At this time, you will also have an opportunity to purchase finished products such as an album or fine art prints and I will care for your purchases from ordering to delivery. Allow up to 6 weeks for your products to be delivered.

## FAQ

### HOW LONG IS THE SESSION?

Your session will be about 1 hour to 1.5 hours.

### SHOULD WE BUY NEW CLOTHES?

Definitely not necessary. In fact, many of my clients choose to wear their favorite items to keep it real. However, if your spending money is burning a hole in your pocket and you're dying to have some new, fun items to wear, then go for it! We will talk about wardrobe ideas as well items that may make good props for impact. It's important to wear something that matches your style and personality and that makes you feel confident.

# FAQ

## WHERE DOES THE SESSION TAKE PLACE?

Couple sessions take place either in your home, outside, or other meaningful location (such as your favorite cafe or a bookstore). Sometimes a combination of locations is required to achieve our goals. We can also explore the option of reserving an apartment or studio space that is available for rent for indoor sessions.

## WILL I HAVE TO BARE ALL AND GET NAKED?

Absolutely not. I encourage you to show as little or as much as you are comfortable with.

## HOW DO YOU EDIT/RETOUCH THE IMAGES?

I use Adobe Lightroom and Photoshop to retouch your images. Examples of portrait retouching include removing blemishes and bruises, skin smoothing and teeth brightening and sometimes the occasional hair flyaways. I can also remove small tattoos and scars in most cases. Retouching does not include things like complete body reshaping, head swapping, or major altering of clothing. However, if more extensive editing is required, I am happy to accommodate for a small additional fee, depending on the nature.

In terms of creative editing, images are provided in color and/or black and white. Some editing processes include the use of color grading, artistic blurring, and removal of background objects. I also adjust elements like white balance, exposure and contrast to achieve my vision.

# LOVE NOTES

from clients

Tammy was amazing! It was my first photoshoot with my boyfriend and we were nervous going into it but were instantly met with such a warm, inviting presence- she made the whole process so comforting and easy! The pictures came out absolutely amazing and I wouldn't be shocked if we found ourselves booking Tammy for every photoshoot in the future.

*Jesenia*

Working with Tammy has been amazing! My fiancé and I can't wait for another milestone in our life so we can have Tammy photograph it. She is professional, light hearted and very easy to work with. Our pictures are beautiful, we can not wait to show them off at our wedding.

*Dawn*

Tammy is an amazing and creative human! She was so awesome for our session, she cared about us and wanted to make sure we were comfortable with everything. We worked together very well and we tried out new things. We for sure recommend Tammy for any of your photography needs!!
